During the visit, students were given an overview of the company's profile, core services, and working structure. The company representatives explained various aspects of software development life cycle (SDLC), cloud computing solutions, IT consulting services, and real-time project management techniques used in the organization.

Students were introduced to modern technologies such as cloud platforms, enterprise solutions, application development tools, and cyber security practices. The experts also guided students about career opportunities in the IT sector, required skill sets, certifications, and professional ethics.

The interaction session proved to be highly informative, where students actively participated by asking questions related to software careers, internships, and industry expectations. The visit enhanced students' understanding of corporate environment, teamwork, and innovation in the IT industry.

Principal Prashant Mane Deshmukh, along with faculty members and supporting staff, accompanied the students during the visit. The industrial visit was successfully organized under the guidance of Dr. Giriraj Sawant, Vice President, JSPM, Dr. Sanjay Sawant, and Prof. Vasant Bugade, Hadapsar Complex Director.
